## Around The Conference

### Operation Nehemiah Missions

#### Biblical – Practical – Effective

by Rev. Tom Bridgman, Greater Hudson Valley Area Representative

Grace Church Congregational in Pittsfield, MA has become very involved in an effort to reestablish the church as a Beacon of Hope in Southern Sudan. Robert Kirkman, an elder at Grace, and church member Gordon Clark, are serving as Director of Medical Missions and Director of Agricultural Development for Operation Nehemiah Missions, International. Robert’s son-in-law, William Ochan Levi, a political refugee of Sudan, founded Operation Nehemiah. His story is told in the book, “The Bible or the Axe”, soon to be published by Moody Press.

The Greater Hudson Valley Fellowship in the Northeast has been very supportive of the effort to serve the persecuted and displaced Christians of Sudan. Last year the Coila Church in Cambridge, NY arranged for the shipment of a 40-foot sea/rail container of medical equipment and supplies

to be shipped to Sudan. Other church members have raised necessary funds for medicine, Bibles and building materials for a hospital, which is being built on the site of William’s birthplace in Corom, New Sudan.

Operation Nehemiah has a multi-faceted agriculture program. Our Sudanese Christian staff has begun clearing land to raise food crops to alleviate hunger, grow high protein crops to combat malnutrition, and investigate and cultivate plants that have proven medicinal uses.

To learn more about Nehemiah Medical Missions visit [www.medmissionsudan.org](http://www.medmissionsudan.org). To learn about other ministries of Operation Nehemiah visit [www.operationsnehemiah.org](http://www.operationsnehemiah.org). Short-term mission trips to Sudan are scheduled throughout the year. If you are interested in serving please contact Robert Kirkman on e-mail at [medicalrelief@aol.com](mailto:medicalrelief@aol.com).

## Growth Seen in North Dakota Church

by Dr. Milt Reimer, Great Plains Area Representative

The Evangelical Bible Church of Dickinson, ND, was formed in 1971 as a church extension project, supported in part by the CCCC Conference. By 1974 it was self-supporting and in 1974 they moved into a beautiful new building that seats 370.

Today the church has an average Sunday AM attendance of about 160 people. Some 60 new members have been added in the past five years. Its Wednesday night Bible study is well attended, with an additional seven home study groups meeting regularly. In the last five years the annual budget has increased from \$103,000 to \$193,000.

In 1981 Hope Christian Academy was established as a ministry of the church. Currently it has 56 pupils, pre-school through 8<sup>th</sup> grade, with 5 full-time teachers. Tim Privratsky, assistant pastor of the church, is the director.

Pastor Rick Stevens attributes the strength of the ministry to his emphasis on expository preaching.

## From the Conference Minister

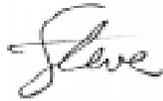

Jesus is calling all of us to pray! His call is too clear and too compelling to ignore! The Lord keeps calling me back to prayer because this is the message of His Word, and it is the only way that the Church can be revived and restored. This theme has been foremost on my heart since the Lord called me two years ago to be Conference Minister. I have meditated on the Lord's example of prayer in the gospels, and the practice of prayer in the early church. I have studied the urgent call in the epistles for the churches to devote themselves to prayer. I have often spoken on this theme, and still the Lord impresses upon me to call our Conference to pray. If prayer gets no more than token attention in our personal lives or in our churches, then we are in a very vulnerable position, as were the disciples in Luke 22:39f when they did not hear or respond to Jesus' plea.

The theme of our Annual Family Conference this year is "The Nearness of God is our Good". I believe that! Nothing is better than to be consciously near the Living God! This is a theme of revival and spiritual awakening. The Word of God and the history of the church have shown that such revival is ushered in by the fervent prayers of God's people.

Recently I had the privilege of visiting the Salem Evangelical Church of Marion, Ohio. They had a bulletin insert that day listing seven specific prayers for revival and spiritual awakening. I liked it so much I want to invite you to pray with me on these things:

1. Ask God to pour out deep conviction of sin, spiritual brokenness, a holy fear of God, and genuine repentance. There will be no revival without these elements and only God can produce them in us. (II Cor.7:10)
2. Pray for deep cleansing repentance and spiritual power to engulf your pastors and church leaders. Renewed spiritual leaders are keys to revival. (Eph.6:14-20)
3. Pray for God to bestow spiritual hunger in us and draw us to fervent intercession. (Php.2:13)
4. Pray that God will bring unity and harmony in our churches and conference. (Jn.13:35)
5. Pray that God would fill us with a passion to see people come to Christ. (Rom.9:1-3)
6. Pray that God would pour out His Spirit like a mighty purifying fire. Ask God to purify our motives as we pray. (Jas.4:2)
7. Pray that God would give us an increased passion for missions. (Mt.28:19)

### CCCC Church Needs Help

We would like the readers of THE FORESEE to know about our member church, Snyder Avenue Congregational Church in Philadelphia PA, who is in desperate need of a new heating system. "Our current system is so old that we can no longer purchase replacement parts for it. If we turn the heat on in our main sanctuary, the radiators spray hot water down the wall, so we are currently unable to use our main sanctuary during the winter months." They need \$80,000 to replace their system. This is our current Cornerstone Corps project but wanted to let other churches, individuals, and pastors know about this project. If you would like to help this church, please send your donations to CCCC, 7582 Currell Blvd, #108, St. Paul MN 55125, clearly marked Snyder Avenue Church.

## Book Review

*Lime 5: Exploited by Choice*

by Mark Crutcher. Life Dynamics, Denton, TX

Reviewed by Normund Strautin, Pro-life Prayer & Strategy Group First Congregational Church, Revere, MA

Some politicians trumpet that they want to keep abortion, "Safe, legal and rare." While legal, abortion is anything but rare (1.3 million per year), and Mark Crutcher graphically demonstrates in his book that it is not safe.

This shocking expose reinforces the need for us to persevere in praying and pushing for an end to legal abortion.

The "Lime 5" in the title came from a woman who went to an abortion clinic where they refused to use her name and gave her the name "Lime 5." So much for medical CARE.

## Carlton's Comments

When I was still pastoring a congregation, very few experiences frustrated me more than a married couple coming to me for counseling after they had already decided to file for divorce. It was almost as if they were daring me to try to stop them! Needless to say in those situations I prayed a great deal and tried to do my best with the Lord's help but usually to no avail.

Since I have become Regional Minister, I have again, on occasion, faced the same type of situation only now it involves congregations or pastors facing problems. Instead of seeking help when the problem first developed, the involved pastors or congregations have allowed situations to fester until it was almost impossible to solve them Biblically. Perhaps there are a couple of reasons why this approach was taken. First, we modern Congregationalists have convinced ourselves that we are supposed to be isolationists because we believe that authority and responsibility reside in the local church. Second, we have lost our idea of connectedness in the body of Christ. We have convinced ourselves that we do not need the help or encouragement of other Christians because we are able to decide things better by ourselves.

The Bible is quite clear that God does not intend a local church to deal with problems and difficulties by itself. Acts 15 is a classic passage to show local churches what God's plan really is. Disputed doctrines were being taught in the church in Antioch by renegades from Jerusalem. Instead of trying to solve the debate by itself, the church in

Antioch sent Paul and Barnabas to the church in Jerusalem for help. That church's response was to send a letter of counsel back to Antioch carried by several representatives from Jerusalem. The problem was harmoniously solved and the Christians in Antioch were able to continue a fruitful ministry there.

Our forefathers also realized the need for help and assistance from other like minded churches. The Savoy Declaration in chapter fifteen directs local churches to go to their fellow Christians in neighboring churches to obtain help in solving difficulties. The Savoy also pointedly says that any church that is severely divided and does not seek help from others is actually betraying Christ and its fellow churches as well.

We need to do a much better job of connecting with other Conference churches and pastors and of going to one another for help at the onset of difficulties instead of after we have struggled and struggled on our own. Also churches whose help is sought need to have an attitude of love and concern not a critical spirit toward their needy Christian brothers and sisters. By doing so we will honor Christ and demonstrate to the world what the fellowship of believers is all about.

### The Spyware Invasion

The technological revolution has changed the way we do business, communicate and do daily tasks. Unfortunately, this new tool has come with some baggage such as hard disk failures, computer viruses, trojan horses and so much more. Add another major one to the list – SPYWARE.

Spyware can slow your computer to a crawl, change your default browser in Internet Explorer, result in pop ups that are both unwanted and in some cases downright immoral. Microsoft is working on an anti-spyware add-on for release sometime this spring. You don't have to wait.

You can be careful about how your computer is used to surf the internet. Many pop-ups have fooled people into downloading a program that then opens their computer up to additional spyware attacks. Always read the fine print before you download anything for free.

My personal favorite, Spyware Doctor costs \$29.99. You can find it at [www.pctools.com](http://www.pctools.com). PC World rates Sunbelt Software's CounterSpy 1.0 highest. It costs \$29.99. You can find it at [www.sunbelt-software.com](http://www.sunbelt-software.com). Smart Computing likes a few programs. Among them is Spy Sweeper. It is made by Webroot Software, costs \$29.99 and can be found at [www.webroot.com](http://www.webroot.com).

### Global Day Of Prayer

On May 15, 2005, Pentecost Sunday, the largest prayer meeting in history will cover the earth. It is called "The Global Day of Prayer" (GDOP) and its mission is to seek God for the glory of Christ and the blessing of the nations. As many as 200 million Christians from many diverse traditions are expected to unite in prayer in nearly 175 nations. The three elements of this prayer emphasis will be: 1) 10 days of continuous prayer following a biblical prayer guide focused on united prayer toward the glory of Christ and the transformation of the nations ([www.waymaker.org](http://www.waymaker.org)). Young people will pray all night into the tenth day in what is called "The Whole Night for the World" ([www.wholenight.org](http://www.wholenight.org)). 2) On Pentecost Sunday, Christians will pray in unison around the world. 3) The ninety days following Pentecost will see those who have prayed collaborating together to "bless the city" in which they live.

Information on this prayer initiative can be found at [www.globaldayofprayer.com](http://www.globaldayofprayer.com) or [www.gdopusa.com](http://www.gdopusa.com).

# Greetings from Eastern Pennsylvania

by Pastor Elden Smith, Local Arrangements Committee Chairperson

The theme for 2005 is “The Nearness of God is Our Good.” It is within this context of our deep longing to experience God’s nearness that revival can take place, bringing joy and good into our lives. As many of our area churches are from a “German Reformed” heritage, we are planning to include in some of the seminars a sampling of the Heidelberg Catechism, with its warm experiential teaching, and other Confessions emphasizing God’s sovereignty, righteousness and faithfulness (the basis of revival).

Most of our CCCC churches in Eastern Pennsylvania are small, but our welcome to you is “super sized!” And so are our expectations about this time of spiritual renewal, revival and recharging. Come; enjoy a week with us as we experience our theme: “The Nearness of God is Our Good!”

### ***The Joy & Blessing of Teaching Morning Star Institute Classes in Micronesia***

by Rev. Maxwell Vague, Carlsbad Community Church, Carlsbad, CA

One of the greatest blessings of my ministry over the last 14 years has been the privilege of teaching pastors and Christian workers on the islands of Pohnpei, Chuuk, and Saipan. The Morning Star Institute, an arm of our Micronesia Ministry Committee of the CCCC, USA, gives the opportunity for pastors and Christian leaders to be trained for ministry, especially in Bible. Last spring I had the opportunity to teach the book of First Samuel for one week on the islands of Saipan and

Pohnpei. Whenever I go, I get blessed doubly. I always come home revived and renewed.

I would like to recommend to our CCCC pastors that you take at least one missions trip to Micronesia. You might get hooked like me! I have gone ten times since 1991 and am disappointed that I am not needed this year. I must share the opportunity with the rest of you.

### ***Tim and Mary Lou Tiner, Yodeling Missionaries to Austria***

by Rev. Clair Longuevan, Chairman, Missions Committee

Yodeling missionaries? That's right! The hills have come alive with the sound of music, as the musical Tiner family has been singing a new song in Austria. The Lord has used this multifaceted family to proclaim the gospel in a wide variety of ways...even by yodeling.

Tim and Mary Lou Tiner have served as missionaries for the past 13 years in Austria. They first worked in Salzburg and more recently, just outside of Vienna. One of the greatest blessings the Tiners share is the joy of ministering as a team. Each one of their five children has been actively involved in the family's concert ministry. The three oldest children, Julianne, Joshua and Janna are married. Julianne and Joshua are serving in career missions. Janna is on staff in the children's ministry at the Tiner's home church in Indiana. Josiah will begin Bible school in Hungary this fall, and Josef, the youngest, is still at home and remains active in ministry with his parents.

The creative force behind the musical aspect of the Tiner's ministry has been Mary Lou. She uses her gift of song writing

to communicate her faith in German as well as English. In addition to being a mom, Mary Lou leads individual and group Bible studies for women and speaks at women's meetings. Tim, a gifted teacher, is passionate about leadership training and church development. Over the past decade he has trained a number of Austrian men who are now actively serving the Austrian church. Tim and Mary Lou also conduct marriage and family seminars.

Austria, a nation that is less than one percent evangelical Christian, has a great need for sound Biblical training and teaching. Most of the churches are small, without a full-time pastor and desperately in need of leaders with a firm foundation and training in God's Word.

Amid the beauty of the Austrian countryside hangs a dark spiritual cloud. Austrians are often difficult to reach due to the materialism and humanism that pervades the society. The Tiners passion is to train and develop national leadership to equip the Austrian church to sing a new song of praise to God.

A CCCC missions trip to Austria is planned for August 12-27, 2005. Pray that this team will be a blessing to the Tiners and to the people of Austria.

## Promotions to Glory

**Rev. Charles N. Swendsen: October 24, 1919 – February 12, 2005**

Charles was the pastor of Montrose Community Church in California for 30 years. He served on the CCCC Board of Directors and was a member of the Credentials Committee. He influenced not only his two sons to enter the ministry but a host of young men from Montrose. He was a man of God, loving pastor, astute theologian and a loyal supporter of the CCCC. He is survived by his wife, Audrey.

**Rev. Theodore L. Overton: November 9, 1923 – February 16, 2005**

Rev. Overton served the First Congregational Church in Newburgh, NY for over 28 years. Prior to that he served in Quito Ecuador as a radio technician for HCJB. He is survived by his wife, Ethlyn.

**Rev. Paul M. Shaw: September 8, 1922 – March 5, 2004**

Paul and his wife, Ellen, were missionaries with United World Mission for over 22 years. He joined the CCCC in 1977.

## Health Tips

### Television Viewing

The American Academy of Pediatrics and TV-Turnoff Network recommends no TV for children under age 2. For older children, a maximum of 10 hours per week is recommended. To help reach these goals, consider making a family decision to cut back on TV time. Remove TV's from bedrooms and focus on conversation and fun. Be a good role model and have periodic screen-free nights with screen-free activities. Tell others what you are doing. Be selective in what you watch –not just channel surf. Intentionally plan something for those times of the day when is most difficult to have the TV off.

### Ultraviolet (UV) Rays

Long-term exposure to the sun's UV rays causes prematurely aged skin, wrinkles, loss of skin elasticity, dark patches, precancerous skin changes and skin cancers. It also increases your risk for cataracts. Ways to limit your amount of exposure to UV rays include: limiting direct sun exposure during midday; covering as much skin as possible; wearing a hat; proper use of a sunscreen with a sun protection factor of 15 or higher; wearing sunglasses that block UV rays; avoiding tanning beds and sunlamps.
