

## **ANNUAL MEETING EXHIBITS POLICY STATEMENT**

As per the policy manual of the CCCC Annual Meeting Program Committee, an Exhibits Committee, under the direction of a Chairperson to be appointed by the Annual Meeting Coordinator, shall be responsible for coordinating the exhibit area at the upcoming CCCC Annual Family Conference. Such responsibility includes approving or disapproving applications by potential exhibitors. Applications by CCCC Committees or Regional Fellowships shall receive automatic approval. Applications by mission organizations, businesses, or other ministries must meet all of the criteria set forth below.

1. Their theological position must fit within the parameters of the CCCC Statement of Faith.
2. Since our CCCC fellowship is built on love, unity and liberty within theological diversity (see "The Nature of our Fellowship" in CCCC Yearbook or on the website at [cccusa.com](http://cccusa.com)), their philosophy and practice must fit within our emphasis on unity in diversity under the headship of Christ
3. No materials may be displayed or distributed that are intended to attack doctrinal positions that are acceptable within the parameters of our fellowship, or to disparage those who hold such positions (see for example, "Statement Regarding Ministerial Standing of Women" and "Statement Regarding the Charismatic Movement" in CCCC Yearbook or online at [cccusa.com](http://cccusa.com)).

The Exhibits Committee shall examine the applications of all exhibitors, and review samples of literature that applicants intend to make available. The Exhibits Committee shall favorably endorse application by exhibitors only if all of the above requirements are met.
