

**Help welcome the congregation back into the church post-pandemic
with necessary furnace and roof repairs**

CCCC Cornerstone Corps Project: First Congregational Church – Covert, Michigan

The project before us this season is for the First Congregational Church in Covert, Michigan. The Area Pastor for Michigan, David Balicki, visited the church and found that the facility needed some repairs so they could welcome people back to church after the pandemic. One side of the roof needs new shingles and the furnace needs repair. The Church Development Committee recommends that we assist this congregation with these projects.

To make a donation mail your check to the CCCC Home office or go to: www.cccusa.com/giving and mark your contribution “Cornerstone Corp” in the drop down menu next to the heading
